

Alpha Phi Omega-Region C

Policy on Region/Area Conference Registration Pricing

In recognition of the one-time costs that those seeking active membership bear as part of joining Alpha Phi Omega National Service Fraternity, and to promote cooperation with the fraternity's National Pledging Standards, each Region C or Area C Conference will provide a discount of at least 35 percent of the total active registration cost to those who, in the same semester as the Region C Conference, have entered into pledge membership.

Should the conference take place during a time when school is not in session, or when chapters traditionally have not yet accepted pledge members, this discount shall be offered to those who were pledge members in the academic semester/two quarters preceding the semester in which the conference occurs.

If, in the event Region C is ever conjoined with any other regions in an area conference, it shall be the responsibility of the Region C Chair to ensure its continued adherence for members of Region C chapters, and to notify any pertinent fraternity officials of this policy.

This policy should not be understood to apply to the National Convention, or to section conferences within the region.

This policy may be amended during a region business meeting, by a two-thirds vote of present Region C chapter voting delegates, so long as a majority of the region's chapters are represented. Proxy or absentee votes are not permitted.
